The Company

Caremoli Headquarter is located in Nova Milanese (Milan Metropolitan area) on a total area of 3.500 m² and it has implants for the production including:

- spray-dry technology for co-processed ingredients
- automatic and semi-automatic dry mixing in different sizes blender
- Lines dedicated for different sizes and types of packaging

R&D and lab

Our innovation center comprehends the analysis laboratory and the functional kitchen equipped with a pilot implant for different types of raw

materials guaranteeing an accurate and efficient development of new recipes for different application.

Care for You

Production

For the production Caremoli has recently adapted its self-control plan to the requirements of the ISO 22000 and FSSC 22000, developing specific protocols for the manufacture in complete safety and conformity with Gluten-Free parameters and other allergens.

The efficient qualitative check of single

production steps is based on serious requirements those guarantee a high quality of the product.

The synergies and the interactions between every divisions of the company is one of the added values of Caremoli and its team work for the customer satisfaction.

Packaging

Taking advantage from innovative technologies of processing, we deliver customized finish products in compliance with the highest quality standards offering a wide variety of

packaging types and sizes:

Flow pack from 1kg to 5kg, paper or plastic bags from 10kg to 25kg, big bag till 1.000kg.

Quality dept.

The creation of the new products is carried out with the highest attention from the optimization of the production processes to the editing of the requested technical documentation including the evaluation of the stability of the products.

The Quality department is organized in three operating units involved in: raw material control, finished product conformity and the general company operation management. The lab equipment includes some performing control tests.

Certified supplier and highest raw material quality

We always try to incorporate innovative raw materials in our customized recipes. Caremoli used to apply for all its

suppliers restricted selection and risk assessment criteria, submitting them to regular surveillance audits.

Care for You
